

OIL-BASED

# Product & Color Guide

WOOD FINISHING PRODUCTS

FIND THE RIGHT PRODUCT AND COLOR  
FOR YOUR NEXT PROJECT

# PREP, STAIN & PROTECT

## Pre-Stain Wood Conditioner

- Prepares Wood Surfaces for Oil-Based Staining
- Helps Promote Even Staining
- Seals Soft Wood for a Uniform Color

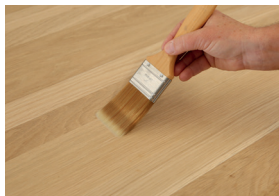

## Helps Prevent Streaks & Blotches

Wood rarely absorbs stain evenly. To minimize this difference and to reduce the blotchiness that can occur when staining, brush on a coat of BEHR Oil-Based Pre-Stain Wood Conditioner after removing the sanding dust, but before you apply your stain.

## Three Easy Steps to a Beautiful Finish

### 1 Prep

Pre-Stain Wood Conditioner properly prepares interior bare or stripped wood surfaces for staining.

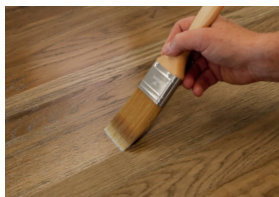

### 2 Stain

Wood Stains create vibrant colors that enhance the natural beauty of wood.

### 3 Protect

Clear Finishes provide a hard, durable topcoat that resists abrasion, marring & scratching on interior and exterior surfaces.

# CLEAR FINISHES

## Fast-Drying Polyurethane

- Durable Clear Protective Finish
- Recoat in 2 Hours
- Resists Stains & Scratches
- For Interior Wood Surfaces

## Spar Urethane

- Durable Clear Protective Finish
- Fortified with UV Inhibitors
- For Exterior & Interior Wood Surfaces

## Choose the Right Sheen

When choosing a sheen, consider all aspects of the project: look, function, and durability.
